Equestrian Coach

Feel your horse think

**Is holding a demo on the 2nd December between
2pm and 4pm at Bradbourne Riding Centre,
Sevenoaks, Kent TN13 3DH
Afterwards for refreshments in the Clubhouse.**

Suzanne is a Recommended Associate for Kelly Marks, Intelligent Horsemanship and a holder of the Monty Roberts Preliminary Certificate of Horsemanship.

She will explain the concepts of the work of Monty Roberts and Kelly Marks, and using these principles go onto to show you how you can apply these to you and your horse in your every day work. This could be getting your horse to load better, stand still whilst mounting, be softer in your hand, walking over scary objects All these exercises can help strengthen the bond between you and your horse.

“My goal is to help people reach new levels of understanding with their horses, and to make the time they spend with them fun. Through understanding how the horse thinks and works we can achieve new levels in our partnership with them, and to reach the goals that may have seemed out of reach before.”

Kelly Marks says "I have no hesitation recommending Suzanne's teaching or work with horses"

Suzanne Marshall Holder of the Monty Roberts Preliminary Certificate and Recommended Associate for Kelly Marks, Intelligent Horsemanship Ride with your Mind Coach for Mary Wanless and BHSAI (reg'd) holder.

Suzanne was pony mad from 7 years of age, after an unforgettable first ride on a small pony called 'Misty' with the Brownies. She owned her first, rather unpredictable pony at the age of 11, and hasn't been without horses since. After school, she followed the BHS exams, to become a British Horse Society AI, and began running her dream livery yard, Friday Field Stables in 2000. A couple of years prior to this, she had seen American horse trainer Monty Roberts do a demonstration, and subsequently set about training with Kelly Marks to become a Recommended Associate for Kelly's organisation, "Intelligent Horsemanship". Along side this, she is also a "Ride with your mind" coach, offering an insight into correct biomechanics of the horse and rider. Find out more at www.fridayfield.co.uk

Through owning and working with horses that haven't always been easy, it has given her an understanding of tackling these problems, and finding a way that the horse can understand, and come on board.

Intelligent Horsemanship was the brainchild of Kelly Marks who is a Professional Instructor of Monty Roberts. Kelly has trained a select few to go on and become Recommended Associates for Intelligent Horsemanship so that Monty's work can be accessible to more and more people. It is a non violent method of training working along side your horse to create a better understanding and partnership between you. Find out more at www.intellighthorsemanship.co.uk
